This exploded view diagram illustrates the assembly of a vehicle suspension system. It features two shock absorbers (10) and two control arms (5). The shock absorbers are shown with their internal components, including the piston rod (11) and the shock absorber body (12). The control arms are shown with their mounting brackets (6) and the control arm bushings (7). The diagram includes numbered callouts 1 through 14, indicating the specific parts and their assembly sequence. Red arrows point to the control arm bushings (14) and the control arm mounting brackets (6).
